

## **Remain an Active Member or Make a Change to your Y Membership Status**

You probably have a lot of questions about your Y membership. Below, we give you three options for your Y membership, as well as action steps to take depending on which one you choose.

### **Option 1**

**I want to support my Y during this time. Please use my monthly dues as a donation.**

By continuing to pay your membership dues, you are ensuring the YMCA can continue offering critical child care to mission-essential community members, like medical personnel and first responders, and essential staff who have to work. We will be also be able to continue to reach out and support our members, particularly our seniors with phone calls to help ease the challenges of isolation. We will be able to pay staff to come in and complete projects to improve our YMCA.

With this option, your membership dues become tax-deductible donations to the YMCA. When our YMCA is able to reopen, you will receive a tax letter for the amount you donated.

## Option 2

**Please place my membership on hold. I love the Y and I will be back!**

We are looking forward to when we can all be together again. With this option, we will place your membership on hold for the duration we are closed. When we reopen your membership will be activated with no additional charges. To be eligible, you must maintain an active membership.

## Option 3

**I love the Y but at this time we need to cancel our membership.**

Please contact us at [ymcahelp@ymcactx.org](mailto:ymcahelp@ymcactx.org) if you have additional questions about membership and to let us know which of the above options work for you.
